PRESS RELEASE UPDATED: FEB 12, 2018

New York City, NY, February 12, 2018 (Newswire.com) - The newly opened Executive Hotel le Soleil New York (<http://www.lesoleilhotels.com/new-york/>), a contemporary European-styled 161-room boutique hotel situated in the heart of Midtown Manhattan, has received the 2018 AAA Four Diamond Award, property officials announced today.

"We are honored to be recognized as one of the finest hotels in New York," said Salim Sayani, President of Vancouver-based parent company, Executive Hotels & Resorts. "Our staff have worked very hard to maintain our very high standards to provide the best levels of customer service. Thanks goes to our quality management and employee base, who have established a high service culture, and really care about the people who visit our property. They are excellent hosts and create amazing memories for our valued clients. This (AAA) award is a symbol of our commitment to our loyal guests and clients."

Coveted throughout the hotel and hospitality industry, the AAA Four Diamond rating for lodging is awarded to less than four percent of luxury establishments in North America. The Executive Hotel le Soleil New York joins a select group of AAA Four Diamond Award winners. To be considered for AAA rating and approval, lodging establishments and restaurants must undergo a thorough inspection by one of AAA's 65 full-time, highly trained professional evaluators. These evaluators assess the cleanliness, ambiance, amenities and service of over 60,000 hotels and restaurants throughout the United States, Canada, Mexico, and the Caribbean.
